### Why choose Adobe Express Premium for Education?

- **High-quality resources:** Students can access millions of assets and professional fonts to create impressive, professional content.
- **Advanced features:** Enhanced photo and video editing tools, along with generative AI, enable more creative and engaging projects.
- **Collaborative environment:** Co-editing and shared libraries support teamwork and real-time feedback, crucial for group projects and collaborative learning.

- **Educational focus:** Custom templates and activities help educators design effective and engaging learning experiences.
- **Content Credentials:** Firefly adds Content Credentials to creations, clarifying AI-generated content and protecting student work.
- **Integrated and Included:** Adobe Express Premium seamlessly integrates with other Creative Cloud apps like Photoshop and Illustrator, allowing students to create and access assets across tools. Plus, it's already part of the Creative Cloud subscription, ensuring no additional costs for educators and students.
